

Our democracy and reproductive freedom are under attack.

States have now passed hundreds of laws restricting access to voting and abortion.

Let us be clear: When the right to vote is under attack, reproductive rights are under attack. Denying the freedom to vote creates an environment in which states are able to pass restrictive abortion laws, blocking our fundamental rights. These continued attacks threaten our ability to achieve reproductive freedom.

As organizations dedicated to fighting for gender and racial justice, we urge Congress to use **every means necessary** to pass laws that protect and advance our fundamental constitutional rights. No excuses, no delays, no hiding—the time to act is now.

Our democracy, our bodies, and our dignity are at stake.
